

(Vol. XIX, No. 1, September 1945. In two sections—Section 2)

SEPTEMBER 1944 TO AUGUST 1945

A

A

Abbott Laboratories

Sterilize; high-speed package for sulfa drug.....

December

80

Abrasive Dressing Tool Co.

Diamond tool kit of simulated leather.....

July

112

ABRASIVES

Points and wheels of various sizes in telescoped, fibre-board boxes lined with cushioning filler; A. P. de Sanno & Son, Inc.....

June

133

ADDRESSING MACHINES

Tag-O-Graph, Jr. for addressing tags and labels and printing directly on boxes, cartons, etc.; Weber Addressing Machine Co.....

March

132

ADHESIVES

"Arrived O.K."; booklet on use of adhesives for export shipments; Minnesota Mining and Manufacturing Co.....

May

154

Booklet on resin glue issued by Plaskon Division of Libbey-Owens-Ford Glass Co.....

March

134

Cold padding glue (Platab); Paisley Products, Inc.....

December

148

Gummed tape aid (Stik-Gum); Service Industries.....

August

154

Moisture-resistant adhesive for gluing labels on containers for overseas shipment; Swift & Co.....

November

156

Organic cement, bonding agent—"Pliobond"; Good-year Tire & Rubber Co.....

September

132

Time-saving device for glue curing of plywood boxes; Glenn L. Martin Co.....

October

128

Waterproof resin emulsion; National Adhesives.....

July

154

Waterproofing materials.....

June

146

Water-resistant adhesive (V-Seal 27); Stein, Hall & Co., Inc.....

January

134

ADVERTISING

Booklet, "P.O.P. Marks the Spot . . . where Sales Are Made"; Arvey Corp.....

August

158

Display gallery.....

September

108

October

110

November

106

December

108

January

110

February

116

March

110

April

126

May

124

June

130

July

124

August

124

Package appeal to consumer; super-market test. L. A. Johnson.....

August

115

Picture-story wrappings; value of outer wrapping of merchandise. Emmy Zweybruck.....

November

98

Trade characters as advertising media; Birds Eye-Snyder, Inc.....

December

94

Air conditioned plants.....

May

127

AIR TRANSPORTATION

Air cargo . . . a factor in post-war packaging. K. N. Merritt.....

September

82

Air cargo service; packaging developments.....

August

101

Blood by air parachuted to fighting lines; packaging and refrigeration technique.....

April

110

Light weight plastic containers for shipment of drugs and vitamins.....

September

44

Spare gasoline tanks for blimps; canvas impregnated with thermosetting resin (Laminac).....

November

96

Techniques for air cargo packaging. D. L. Batten...

January

94

AIRPLANES

Packaged distribution of hardware for assembly lines; operations at Republic Aviation Corp.....

August

126

Shipment of planes in envelopes of vinyl plastic solution applied by a spray gun.....

November

108

ALCOHOLIC BEVERAGES

Aluminum drums for beer.....

May

121

Bottle specifications; how Seagram works with its suppliers.....

December

96

Carton salvage; bottling plant; wooden shipping containers for intrastate shipments; Roma Wine Co.....

April

133

Export pack for bottled beer; fibre cases; sawdust cushions.....

September

89

High-speed bottling at Seagram's. P. J. Martersteck..

November

125

Lightweight beer bottles; economy in shipping space.....

July

108

Material-saving one-piece fibreboard carrier for beer bottles; John Wieland.....

December

93

Standard vs. custom glass molds.....

November

74

Wall display; companion cartoons by Conrado Masaguer; Carstairs Distilling Co.....

February

114

Month

Page

Wicker covered demijohn for wines; label between two laminated pieces of cellulose acetate secured by decorated cord and string; Julius Wile Sons & Co., Inc.....

January

92

Aldens Chicago Mail Order Company

Evolution of Chicago Mail Order Co. to Aldens Chicago Mail Order Company. Edythe Bright.....

November

110

Altman and Kuhne

Picture-story wrapping for candy boxes.....

November

98

ALUMINUM

Cans for pipe tobacco.....

February

112

Coatings for unplated can stock. W. B. Roberts....

July

122

Drums for beer, gasoline; food containers of the future.....

May

121

Post-war use in packaging.....

March

79

Resistance of insect penetration.....

July

137

Shortage; use as a metal substitute not too successful.....

February

134

Sterile sealed vials and envelopes for blood donor and recipient sets; Baxter Laboratories, Inc.....

April

97

Aluminum foil. See Foil.

American Management Assn.

Meeting of Packaging Division Sept. 18-19; topics.

August

158

Ammunition. See Munitions.

Armour and Co.

Packaging program; basic trademark.....

August

91

ASPHALT

Packaging uses; compounds for coating and sealing; Davison Chemical Corp.....

March

123

Waterproof adhesives and coatings.....

June

172

AUTOMOBILES AND ACCESSORIES

Flexible paper containers for automobile parts.....

April

91

Oil filters and replacement elements in folding cartons with uniform design; Purolator Products Co.....

April

114

B

BAGS

Defining bag, envelope and pouch.....

April

142

See also Paper Bags; Sealing Equipment.

Baker Furniture, Inc.

Prepackaged furniture; fibreboard cartons.....

August

110

Barber-Coleman Co.

Precision tools; packing and shipping methods.....

June

132

Barden Corp.

Methyl methacrylate molded containers for precision ball bearings.....

July

115

BARRELS

Overseas shipments in slack barrels.....

November

170

See also Wooden Containers

BASKETS

Pressed pulp and straw with scrap plywood bases; gift baskets for Florida sugared fruits; Miami Fruit Industries, Inc.....

April

118

Bauer Mfg. Co.

Dispensing carton for cleaning powder.....

February

101

Baxter Laboratories, Inc.

Sterile sealed aluminum vials and envelopes for blood donor and recipient sets.....

April

97

Beer. See Alcoholic Beverages.

Bennett, A. S. Associates

Consumer's opinions of coffee containers (glass, metal, paper); survey.....

December

75

BEVERAGE INDUSTRIES

Desiccant for bottle caps; export package of Crown Cork & Seal Co.....

December

100

Frozen orange juice in glass; filling, capping, freezing processes; shipping; possible dehydration; Pure Fruit Juices, Inc.....

September

105

See also Alcoholic Beverages.

Birds Eye-Snyder, Inc.

Visual selling via the Snyder folks; trade characters as advertising media.....

December

94

BOOK REVIEWS AND COMMENTS

Catalog of Stock Molds, Extrusion and Laminates; Stock Mold Dept. of Modern Plastics Magazine.....

September

136

Chemical Formulary.....

July

170

Chemistry and Technology of Food and Food Products. Ed. Morris B. Jacobs; Packaging Chapter by C. W. Browne.....

January

136

Commercial Waxes. H. Bennett (ed.).....

February

138

Directory of Society of Plastics Industry, Inc.....

January

136

Food Regulation and Compliance. Arthur D. Her-rick.....

December

152

Lithographic Offset Press Operating, Volume I; Lithographic Technical Foundation.....

June

158

Manufacture of Fibre Cans. R. P. Bigger.....

March

134

Manufacture of Fibre Shipping Containers. A. W. Werner.....

March

134

Performance of Weatherproof Fibreboard Containers; report of Institute of Paper Chemistry.....

December

155

Printed in U. S. A. Acceptance under the Act of June 5, 1934, at Easton, Pa. Authorized October 7, 1936.

	Month	Page
Protective and Decorative Coatings.....	July	158
Self Service Merchandising (of perishables); Hussman Refrigeration, Inc.....	August	158
Selling with Color. Faber Birren.....	August	158
Borden Co. Cheese boxes; 2-piece, cover-type; color scheme chosen by consumer survey.....	October	112
BOTTLES Bottle specifications; how Seagram works with its suppliers.....	December	96
Ceramic decorated bottles; Les Parfums Corot.....	May	109
Liquid products in small packages. E. F. Dival.....	November	122
Molded plastic bottles for "Sportsman" tale; appearance, construction, filling, silk-screen decoration; John Hudson Moore.....	April	106
Progress in plastic bottles; manufacturing technique.....	September	90
Shipment of round and square bottles.....	November	122
Standard vs. custom glass molds in food, drug, cosmetics, liquor and malt beverage industries.....	November	71
BOXES Post-war types for cosmetics.....	April	99
See also Folding Boxes and Display Cartons; Plastics; Set-up Boxes: Paper; Set-up Boxes: Wood; Shipping Containers; Wooden Containers.		
Breslee Mfg. Co. Filling by suction... an improvised method; non-free flowing material.....	September	116
Brewer, Chas. A. & Sons Contract packaging of military rations; efficiency by incentive.....	January	102
Buchsbau, S. & Co. Men's cosmetics; cartons designed to fit in with containers of belts, braces, etc.....	March	97
BUILDING MATERIALS Insulating material (Kimsul) packaged in rolls with eye-catcher cartoon posters; Kimberly-Clark Corp.....	January	104
Bulmans Ltd. Dehydrated foods in metal.....	July	113
BUNDLING MACHINES Assembling and bundling unit; Package Machinery Co.....	May	150
Burry Biscuit Co. Merchandising program for biscuit and muffin mixes; other products.....	May	102
C		
Canadian Packaging Committee; development of better packaging of munitions and supplies.....	November	160
CANDY AND CONFECTIONERY Chocolates in cans hermetically sealed; Huyler's.....	August	120
Date products in corrugated cartons, decorated fibre cans, folding cartons, set-up boxes, tin boxes; Garden of the Sun, Mecca, Calif.....	October	96
Foil wrapping for 5-cent packages of hard candies.....	July	174
New Orleans pictures on labels; Elmer Candy Co.....	July	132
Package from home; how does it look to Joe? Protection of overseas shipments. William E. Pensyl.....	March	91
Picture-story wrappings; Altman and Kuhne.....	November	98
Stratosphere lunch, with gloved hands; sleeve carton, inner carton of sulphate board; 80 packages in Metal Can; Charms Co.....	March	100
See also Chewing Gum.		
Cans. See Fibre Containers; Tin Cans.		
Carboloy Co. Plastic-dipped tools packaged in cardboard boxes; informative labels.....	January	93
CARTONING MACHINES Automatic cartoning of copper-lined ether containers; E. R. Squibb & Sons.....	February	99
Cartons (shipping containers) made to size on the spot; operation; Eugene P. Smithson, patentee.....	May	110
Frozen food cartoning machine; Marathon Corp. and Food Machinery Corp.....	May	150
Semi-Automatic carton-forming machines; A. H. Ross & Co.....	February	136
Cartons. See Folding Boxes and Display Cartons.		
Celanese Plastics Corp. Automatic manufacture of plastic transparent containers.....	April	94
CELLOPHANE Bread wrapping.....	May	93
Coated cellophane; machine conversion into bags for cheese containers; Kraft Cheese Co.....	January	90
Dates and date products in cellophane lined or over-wrapped containers; Garden of the Setting Sun.....	October	96
Four-color printing on cellophane.....	July	146
Imprinted pressure-sensitive tape; International Plastic Corp.....	February	136
Insect penetration.....	July	138
Laminated cellophane; uses.....	November	119
Liners for frozen food cartons.....	March	93
Liners for frozen food packs.....	December	93
Manufacture of gas capes in air conditioned plant; Railley Corp.....	May	128
Moistureproof "Survival cellophane"; use by Armed Forces.....	May	168
Overwraps for drug packages.....	March	76
Preference in cellophane; Canada survey. Spalding Black.....	June	116
Tubular cellophane for "all-size" bags; Traver Vacuum pack with flexible cellulose material; non-metallic food container with low oxygen permeability.....	April	156
Wrap for compressed sugar bars; heat-sealing characteristics.....	August	144
Wrapping fresh produce; A. & P. stores in Columbus..	June	111
Wraps for pre-packaged meats.....	July	93
	February	79
CELLULOSE ACETATE Cellulose acetate and cellulose acetate film as over-wrappers of fresh produce.....	July	176
Effect of plasticizer on cellulose acetate.....	August	146

	Month	Page
Eggnog Shampoo container; M. Louis Products Co....	October	97
Label between two laminated pieces of cellulose acetate secured to wicker covered demijohn by cord and string; Julius Wile Sons & Co., Inc.....	January	92
Lipstick case with paper tube; Elizabeth Arden, Coty and Avon Products, Inc.....	October	97
Lipstick with applicator brush; Natone Co.....	April	115
Purse-size cellulose acetate containers for mascara and touch-up crayon; Clairrol, Inc.....	September	95
Three-in-one compact; floral decoration; Curly Lox Products.....	April	114
CELLULOSE ACETATE BUTYRATE Box for safety razors and blades; Gillette Safety Razor Co.....	August	108
Cereal packaging. See Food Packaging—Dry Products. Charms Co. Candy for combat fliers; sleeve carton with sliding device for discharge of candy drops.....	March	100
CHEMICALS Chemical Formulary (reviewed).....	July	170
Container for free-flowing powder.....	January	124
Incorporation in packaging materials to prevent insect penetration.....	July	140
Sulphuric acid shipment by air.....	January	96
See also Drug Trade.		
CHEWING GUM Canadian Wrigley Co. Overseas Gum Plan.....	November	95
CHICKENS Chick boxes; requirements; types.....	February	92
CHILDREN'S PACKAGES Model box for model airplanes; Hobby Model Mfg. Co.....	December	92
Story albums packaged for children (RCA Victor Division).....	December	93
See also Toys and Games.		
Christmas packages. See Gift Packaging.		
Chrysler Corp. Billions of bullets—packed like sardines; packaging procedure.....	November	100
CITY PLANNING Effect on packages and store equipment. Kenneth C. Welch.....	October	77
Clairrol, Inc. Purse-size cellulose acetate cases for mascara and touch-up crayon; re-use.....	September	95
Clark, Robert H. Co. Bagged bubbles bath sachets in set-up box.....	May	108
CLOSURES Bottle closures for high-altitude flying.....	January	152
Capping procedure for screwing lids on glass jars.....	September	106
Crinoline laminated to outing flannel (Aquatex); waterproof paper bag closure.....	October	114
Desiccant for bottle caps; export package of Crown Cork & Seal Co.....	December	100
Effect on insect penetration of package.....	July	138
Hood seal for wire jugs; Standard Cap & Seal Corp.....	January	134
Materials in drug industry.....	March	76
Materials; standards; use in cosmetic industry.....	March	78
Materials; types and characteristics.....	March	80
Metal caps for cake make-up jars.....	October	146
Plastic closures; history, advantages, limitations, strength. B. K. Scribner.....	December	117
Plastics; polyethylene possibilities. C. S. Myers.....	December	160
Seal on glass equipped with thread finishes.....	March	75
Threaded wooden closure for molded plastic bottles.....	April	106
Types for light weight glass containers.....	July	109
Water-resistant adhesives for overseas shipments.....	November	170
Welded wire hood for square bottles; Standard Cap and Seal Corp.....	October	146
CLOTHING Palletizing Navy shipments; warehousing in World War II; postwar shipping.....	December	82
COATING MACHINE Rotogravure offset printer, "Synchroset;" John Waldron Corp.....	July	154
COATINGS Airbrush application; John Waldron Corp.....	January	134
Aluminum coatings for unplated can stock. W. B. Roberts.....	July	122
Asphalt crate-top coating.....	March	123
Book on "Liquid Envelope"; Better Finishes and Coatings, Inc.....	August	158
Cloth coating methods.....	December	128
Geon resins. M. Scott Moulton.....	November	131
Grease- and oil-proof coating compounds for fibre containers; Swift & Co.....	January	134
Greaseproofing paper containers. Burton H. Greenwood.....	January	119
Moisture barrier (asphalt compound); application.....	March	123
Moisture-proofing shipments to South Pacific bases.....	January	95
Plastic dipping tanks for coating small parts or tools; Youngstown Miller Co.....	February	138
Phenolic resin plastic coating for frozen food plates (prepared meals); Maxson Food Systems.....	June	102
Plastic coatings; principles of application. John B. Cleveland.....	April	140
Post-war use of straight synthetic resins, resins based on vinyl compounds, polystyrene resins and acrylates, silicon resins.....	June	104
Pro-coating of tin cans; technical aspects; equipment. M. A. Kindig.....	October	120
Protective and Decorative Coatings (reviewed).....	July	158
Protective coatings for food cartons and wrappers; Pliolite and Pliwax.....	October	123
Protective coatings to prevent insect penetration.....	July	139
S-Coating... a self-sterilizing surface for packaging materials. Alexander Goetz.....	September	113
Thermosetting plastic coatings (Phen-Cote); exterior and interior use; corrosion resistant; Watson-Standard Co.....	November	156
Transparent stripping lacquer ("Protektol") for protecting polished metal, glass or ceramic surfaces; Ault & Wiborg Corp.....	February	136

	Month	Page		Month	Page
Uses of rubber derivative resins; Pliolite and Pliowax. H. R. Thies.....	October	123	Lipstick container with applicator brush carded for counter display; Natone Co.....	April	115
Wax coating ("Flavorseal") for fresh fruits and vegetables; Food Machinery Corp.....	November	75	Long-fibre paper for powder boxes.....	February	133
Wax coatings, synthetics, blends. M. T. Rogers.....	November	119	Methyl methacrylate holders for perfume bottles.....	June	115
Wanted (by Office of Quartermaster General): plastic dip-coating for cartons; research headed by Institute of Paper Industry.....	July	131	Mold prevention by ultraviolet irradiation in packaging room. A. R. Dennington.....	December	106
COFFEE PACKAGING			Molded plastic bottles for "Sportsman" talc; appearance, construction, filling, silk-screen decoration; John Hudson Moore.....	April	106
Consumer's opinions of containers (glass, metal, paper); survey by A. S. Bennett Associates.....	December	75	Nursery refreshers; jack-in-the-box type; Jonthay....	September	94
Lightweight vacuum jars; advantages.....	July	107	Plastic rouge case with patented hinge requiring no pin; Prince Matchabelli.....	February	101
Paper bags of special construction.....	April	92	Post-war packaging materials. E. H. Balkema.....	March	77
Vacuumizing coffee packets.....	October	130	Present and post-war packages; materials and designs.....	April	98
COLLAPSIBLE TUBES			Purse-size cellulose acetate cases for mascara and touch-up crayon; re-use; Clairol, Inc.....	September	95
Materials; metal and substitutes; manufacture.....	March	79	Standard vs. custom glass molds.....	November	73
No satisfactory substitutes for metal extruded tube.....	November	114	Stock containers in new dress; blue background, banded with white wreath, cerise script; "Seventeen" cosmetics.....	August	113
Post-war cosmetic and toiletries packaging.....	April	102	Talc containers; paper cans with plastic tops; uniformity of size, shape and structure; individuality of design for 6 fragrances; Coty.....	November	81
Post-war possibilities in drug industry.....	March	76	Three-in-one compact (powder, rouge, lipstick) of cellulose acetate in folding carton; Curly Lox Products.....	April	114
Post-war return to favor.....	March	81	See also Toilet Accessories.		
Threading of metal tube closures.....	May	140	Coty, Inc.		
Wartime and post-war tubes; inner coatings, productive capacity, etc. W. M. Rose.....	November	117	Talc containers; paper cans with plastic tops; uniformity of size, etc.; individuality of design for 6 fragrances.....	November	81
COLOR			COUNTER DISPLAYS		
Aqua dyes for clear plastics; Great American Color Co.....	October	146	Carton for 4 blends of tobacco; Wild Honey Tobacco Co.....	December	110
Armour and Co. packaging program.....	August	92	Cellulose acetate lipstick with applicator brush carded for display; Natone Co.....	April	115
Baby packages that say infants' wear without baby pictures; I. B. Kleiner Rubber Co.....	August	105	Cutting tools; easel display unit of wood; shipping unit opening into counter unit; picture-story technique; X-Acto Crescent Products Co.....	February	109
Blue, white and red carton for photographic film and supplies; shape (instead of color) symbols to designate emulsions; General Aniline & Film Corp. (Ansco).....	October	83	Game bag for 12 games; Morris-Systems Co.....	May	115
Booklet, "An Annotated Bibliography of Color"; General Printing Ink Corp.....	November	160	Paperboard and wood boxes for display of Press-On tapes packaged in illustrated envelopes.....	June	114
Code for paper wrapped bottles; Medix Ampul Service.....	January	92	Point-of-sale campaign for vitamins; Parke, Davis & Co.....	April	109
Color Helm, precision instrument establishing even intervals of color for entire spectrum; The General Printing Ink Co.....	December	152	Crookes Laboratories, Inc.		
Color scheme for toys in sets; Playtoy Mfg. Corp.....	July	117	Colloidal preparations in distinctive, separate packages.....	February	100
Consumer choice for cheese box colors; Borden Co.....	October	112	Crown Cork & Seal Co.		
Post-war treatment in package designing; symposium.....	May	88	Desiccant for bottle caps; export package.....	December	100
Selling with Color, with chapter on "Packages, Displays, Interiors." Faber Birren.....	August	158	Curly Lox Products		
Sprightly cartons for 300 products; color schemes; Nyal Co.....	January	81	Three-in-one compact of cellulose acetate.....	April	114
Yellow minimized as high visibility color.....	May	103	D		
Columbia Recording Corp.			DAIRY EQUIPMENT		
Selling power of picture album covers.....	February	120	Square milk bottle; saving in storage and refrigeration capacity.....	July	108
Commander-Larabee Milling Co.			DAIRY PRODUCTS		
Designing with view to display; front and back panels in combination; eye appeal; Airy Fairy Cake Flour.....	November	97	Cheese; "perfect" package produced by teamwork; materials; mechanized operations; Kraft Cheese Co.....	January	88
COMPETITION			Cheese boxes, 2-piece, cover-type; color scheme chosen by consumer survey; Borden Co.....	October	112
Preparation for post-war competitive enterprise. C. W. Browne.....	January	75	Foil for butter wrappers.....	July	176
CONSUMER CONVENIENCE			Milk; sanitary handling; sterilization of bottles and other equipment by ultraviolet irradiation.....	December	106
Protection at sacrifice of convenience; examples, Sherman Lewis Smith.....	December	107	Packaging natural cheeses.....	September	122
CONSUMERS			Processed cheese; mold prevention by ultraviolet irradiation in packaging room. A. R. Dennington....	December	106
Pattern for a test of consumer acceptance of a package.....	December	75	Wax coated cheese.....	October	125
CONVEYORS			Davison Chemical Corp.		
Booklet, "Standard Conveyors Do It Better, Faster, Easier and Cheaper"; Standard Conveyor Co.....	April	160	New asphalts for coating and sealing.....	March	123
Compressed sugar for Army rations; million bars a day; operating procedure. William H. White.....	June	111	Decca Records, Inc.		
Flat-top chain belt; Chain Belt Co.....	April	156	Selling power of picture album covers.....	February	120
Handling of small arms ammunition containers; Chrysler Corp.....	November	100	DEPARTMENT STORES		
Plastic skin wrap for spark plugs; mechanized application.....	December	79	Challenge to packaging; special requirements as to standardization, eye appeal, labels, service, etc. Albert Bliss.....	January	76
CORD AND TWINE			City planning; effect on store design and package design; hosiery and shoe boxes. Kenneth C. Welch..	October	77
Cellophane dip cord; Fibre Cord Co.....	March	132	Gift wrapping the Texas way; Neiman-Marcus.....	December	102
Restyled packages of "King Cotton" and family; John H. Graham & Co., Inc.....	November	96	DESIGNERS, INDUSTRIAL		
CORROSION PREVENTION			Roster of members of American Designers Institute... August	158	
Aircraft cameras; protective wrapping; dehydrating agent; heat sealing; Fairchild Camera & Instrument Corp.....	February	102	Society of Industrial Designers; organization, objectives, officers.....	July	158
Aluminum coatings for unplated can stock. W. B. Roberts.....	July	122	Symposium; post-war package designing—color, type, copy, illustrations, salient features, source of trends.....	May	87

Greaseproofing paper containers. Burton H. Greenwood.....	January	119
Illustrated envelopes as substitute for cellophane bag; Press-On tapes.....	June	114
ETHYL-CELLULOSE		
Properties and fabrication. F. C. Dulmage, Jr., and F. J. MacRae.....	July	142
Exhibitions. See Package Contests.		
EXPORT PACKAGING		
Package from home; how does it look to Joe? William E. Pensyl.....	March	91
Procedures simplified for dehydrated packs; machinery shipments. F. C. Edleston.....	April	103
War lessons in overseas shipments. Henry A. Wolsdorf.....	November	82
EYE APPEAL		
Appetite appeal through visual sense; S & W Fine Foods, Inc.....	March	83
Bakery products.....	May	95
Cheese boxes; color scheme, etc.; Borden Co.....	October	112
Super-market test of buy appeal. L. A. Johnson.....	August	115
Visual selling aid in department stores.....	January	78
F		
Fairchester Packing Co.		
Tomato wraps that breathe; punch-equipped wrapping machine.....	March	101
Fairchild Camera & Instrument Corp.		
Aircraft cameras; protective wrapping; packing and shipping procedure.....	February	102
Families of Packages. See Package Families.		
Federal Tin Co.		
Development of aluminum cans for tobacco.....	February	112
FIBRE CONTAINERS		
Chick boxes; requirements; types.....	February	92
Drill lubricants in fibre can with push-up bottom; Aviation Lubricants Co.....	August	109
Fibre can for Sanford's Indelible Ink Kit; advantages; color and marking.....	February	100

	Month	Page
Frozen food containers; trends.....	March	92
Gifts; decorated fibre can for date products; Garden of the Setting Sun.....	October	96
Grease- and oil-proof coating compounds for containers; Swift & Co.....	January	134
Insect penetration; sealing problem.....	July	138
Manufacture of Fibre Cans (reviewed). R. P. Bigger.....	March	134
	May	154
Material-saving one-piece fibreboard carrier for beer bottles.....	December	92
Metal fibre and plastic fibre combinations for Pepsi-dent tooth powder containers.....	September	96
Post-war use.....	March	80
Prepackaged furniture; Baker Furniture, Inc.....	August	110
Tobacco in No. 3 butter tub with Scotch plaid wrapper; Wild Honey Tobacco Co.....	December	110
Wartime use.....	June	105
See also Shipping Containers.		
FILLING MACHINES		
Anesthetic ether in copper-lined cans; E. R. Squibb & Sons.....	February	99
Aseptic filler; G. M. Manufacturing Co.....	August	154
Auger packer for powders; Triangle Package Machinery Co.....	January	134
Envelope (Sterilope) filling with sulfa powder.....	December	80
Filling unit for cheese containers.....	January	90
Glass jar filler; Pure Fruit Juices, Inc.....	September	105
High-speed filling of powdered products; R. L. Watkins Co. Division of Sterling Drug Inc. (Lyons Tooth Powder).....	January	112
Jar filling machine; Arenco Machine Co.....	September	132
Vacuum weighing and filling machine for non-free flowing material; Breslee Mfg. Co.....	September	116
Flexible Packaging Institute		
Clearing house for data on specialized bags and envelopes.....	April	89
FLOOR DISPLAYS		
Designing with view to display; front and back panels in combination; eye appeal; Commander-Larabee Milling Co. (Airy Fairy Cake Flour).....	November	97
Insulating material (Kimsul) packaged in rolls with eye-catcher cartoon posters; Kimberly-Clark Corp.	January	104
Policing to prevent collapse resulting from customer handling.....	August	117
FLOWERS		
Shipment by air.....	September	82
FOIL		
Aluminum foil on post-war production lines; foil-wax-paper laminations; plain foil uses; cathodic protection with foil; foil for butter wrappers.....	July	100
Bread wrappers.....	May	97
Cathodic protection of surgical instruments with aluminum foil wrap. Maj. J. A. Calamari.....	February	125
Combination with other materials.....	March	80
Fundamentals of metal foils; aluminum, zinc, lead, tin.....	October	117
Insect penetration.....	July	139
Insulating properties of aluminum foil.....	March	129
Laminated aluminum foil for Ration K water vapor barrier.....	August	107
Laminated packs of cellulose acetate film, aluminum foil and coated cloth for gas capes (against gas blisters).....	September	95
Metal foils in pharmaceutical industry.....	March	76
Protection against moisture-vapor transmission; advantages and disadvantages of aluminum, lead and zinc foils.....	March	120
Protective function; printing possibilities; decorative purposes.....	March	79
FOLDING BOXES AND DISPLAY CARTONS		
Backs of cartons used for informative copy directed at consumer and sales people; I. B. Kleinert Rubber Co.....	August	105
Drug packaging; high-speed production lines.....	March	76
Folding cartons for oil filters and replacement elements; Puralator Products Co.....	April	114
Frozen orange juice glass jars in partitioned cardboard cartons.....	September	107
Hobby (cutting) tools in folding cartons with interior die-cut pieces to keep knives secure; X-Acto Crescent Products Co.....	February	108
Ice cream cartons for the Armed Forces.....	July	114
Model box for model airplanes; Hobby Model Mfg. Co.....	December	92
Points and wheels of various sizes in telescoped, fibreboard boxes lined with cushioning filler; A. P. de Sanno & Son, Inc.....	June	133
Relation of boxboard to fruit spoilage.....	August	146
Set-up box of bagged bath sachets enclosed in folding carton for protection; sleeve board; Robert H. Clark Co.....	May	108
Sleeve carton with sliding device for discharge of candy drops for use of combat fliers; Charms Co.....	March	100
Stockable frozen food packs; 2-piece telescope box of corrugated fibreboard; cellophane liners.....	December	93
Telescope box for cutting tools; Barber-Coleman Co.....	June	132
2-piece, cover-type for processed cheese; Borden Co.....	October	112
Waxed cardboard boxes for munitions packed in cans; Chrysler Corp.....	November	100
Folding Paper Box Assn.		
National directors.....	April	160
Food Machinery Corp.		
Wax coating ("Flavorseal") for fresh fruits and vegetables.....	November	75
FOOD PACKAGING		
Army rations; contract packaging; efficiency by incentive; Chas. A. Brewer & Sons.....	January	102
Bacteria prevention through ultraviolet irradiation. A. R. Dennington.....	December	104
British food labeling order.....	November	172
Cellophane wrapping; Canada survey. Spalding Black.....	June	116
Chemistry and Technology of Food and Food Products, with chapter on Packaging by C. W. Browne (reviewed). Ed. Morris B. Jacobs.....	January	136

Effect of light on foods packed in glass; test method and conclusions. A. R. Gudheim.	June	141
Impact; effect on moisture barriers at low temperature. William Rabak and J. B. Stark.	April	137
Insect penetration of packaging materials.	July	136
Instruction at Forest Products Laboratory.	February	91
JAN (Joint Army-Navy) packaging specifications; test methods. H. T. Holbrook.	June	127
Kindergarten test of packaging design and color; Playtoy Mfg. Corp.	July	116
Oxygen penetration test on the package itself. Max Kleiber and F. R. Smith.	January	117
Package appeal to consumer; super-market test. L. A. Johnson.	August	115
Package manufacture planning; testing materials. P. M. Gilfillan.	November	115
Package testing in controlled atmospheres; humidity cabinets. Thomas H. Rhoads.	February	127
Parachute drop tests for air cargo.	August	101
Portable, folding, drop tester; General Electric Co.	December	148
Product and wrapper; inclusion in testing procedure.	June	172
Program of Technical Committee of Packaging Institute.	February	86
Results of sling corrosion tests on 7 different wrapping materials.	March	118
Simplified WVP test of papers and films. A. W. Schwab, L. B. Falkenburg and J. C. Cowan.	August	141
Tekwood (veneer-kraft lamination) compared with solid fibre; tension tests.	August	122
Testing case liners—methods; Henry A. Wolsdorf and Edward G. Mullen.	May	131
Testing in QMC laboratory.	October	92
Tests of wirebound boxes and crates at Package Research Laboratory.	January	108
Vacuum pack with flexible cellulose material; non-metallic food container with low oxygen permeability. A. H. Woodcock.	August	144
Water-vapor transmission testing apparatus and procedures.	May	140
TIN CANS		
Aluminum coatings for unplated can stock. W. B. Roberts.	July	122
Chocolates in cans hermetically sealed; Huyler's.	August	120
Dehydrated foods in metal; Bulmans Ltd.	July	113
Enamel-coated electrolytic plate as protection against corrosion.	June	104
Filming tinplate; rust-prevention method. Bruce W. Gonser.	November	133
German cans; technical analysis. A. L. Malone.	October	126
Gyroscopes (torpedo mechanism) in tin cans.	February	119
Ice cream mix for Armed Forces.	July	115
Post-war return in drug industry.	March	76
TOBACCO		
Aluminum cans for pipe tobacco developed by Federal Tin Co.	February	112
Bags and pouches of laminated papers for pocket packages.	May	164
Consumer acceptance of packages; paper vs. metal.	May	105
Glass containers; effect of light.	October	130
Package lure for variety smoker; Scotch plaid wrapper; counter display unit; Wild Honey Tobacco Co.	December	110
TOILET ACCESSORIES		
Bagged bubbles bath sachets in set-up box; Robert H. Clark Co.	May	108
Basic family packaging design of Supremacy Products, Inc. (R. H. Macy & Co.).	September	78
Cellulose acetate butyrate box for safety razors and blades; Gillette Safety Razor Co.	August	108

	Month	Page
Ceramic decorated bottles for shaving lotions. Les Parfums Corot.....	May	109
Egg-shaped Egnog Shampoo container; M. Louis Products Co.....	October	97
High-speed filing of powdered products; R. L. Watkins Co. Division of Sterling Drug Inc. (Lyons Tooth Powder).....	January	112
Men's cosmetics; cartons designed to fit in with containers of belts, braces, etc.; S. Buchsbaum & Co....	March	97
Men's toiletries; upswing prediction.....	September	104
Protection for toothpowder.....	January	124
Substitute package development; market reaction—Pepsodent tooth powder. Charles Luckman.....	September	96
<i>See also Cosmetics and Perfumery.</i>		
Toilet Goods Assn. Officers.....	June	166
Package competition; Charles S. Welch Memorial Award.....	April	98
<i>Tools. See Hardware; Machinery and Tools.</i>		

TOYS AND GAMES

Model box for model airplanes; Hobby Model Mfg. Co.....	December	92
Paperboard game bag (container for 12 games); Morris-Systems Co.; promotion campaigns.....	May	115
Picture-story wrappings designed by Emmy Zweybruck.....	November	98
Toys, games and novelties; present and future use of set-up boxes.....	October	91

TRADEMARKS AND BRANDS

Armour star, etc.....	August	91
Brand promotion for insulating material (Kimsul); Kimberly-Clark Corp.....	January	104
Branded merchandise; think through to point-of-sale. Abbott Kimball.....	September	93
Evolution of Chicago Mail Order Co. to Aldens Chicago Mail Order Company. Edythe Bright.....	November	110
Industries Views on Trade-Mark Reform; booklet; National Assn. of Manufacturers.....	May	154
"Supremacy" brands of R. H. Macy & Co.....	September	78

TRANSPARENT CONTAINERS

Automatic manufacture of transparent containers; Celanese Plastics Corp.....	April	94
Fabrication of rigid transparent containers from ethyl-cellulose sheeting. F. C. Dulmage, Jr. and F. J. MacRae.....	July	142
Methyl methacrylate holders for perfume bottles.....	June	115
Spirally wound transparent containers; processes; ammunition components; covering over glass ampule for iodine swab; future uses.....	March	88
Tri-Valley Packing Assn. Informative label approved by U.S. Inspected Foods Educational Service, a non-profit agency.....	July	110

TUBING

Endless foil tubing; Clarvan Corp.....	August	154
--	--------	-----

WAXED PAPER

Future in baking industry.....	May	100
--------------------------------	-----	-----

WEIGHING MACHINES

Shipment of scales in corrugated boxes instead of wooden crates; Sanitary Scale Co.....	January	114
Vacuum weighing and filling machine for non-free flowing material; Breslee Mfg. Co.....	September	116
Wieland, John. Material-saving one-piece fibreboard carrier for beer bottles.....	December	92
Wild Honey Tobacco Co. Package lure for variety smoker.....	December	110
Wile, Julius & Sons Co., Inc. Wicker covered demijohn for wines; label between two laminated pieces of cellulose acetate secured by decorated cord and string.....	January	92

WINDOW DISPLAYS

Insulating material (Kimsul) packaged in rolls with eye-catcher cartoon posters; Kimberly-Clark Corp. Mounted card for games packaged in bag; Norris-Systems Co.....	January	104
Point-of-sale campaign for vitamins; Parke, Davis & Co.....	May	115
Window display catalog; Texkraft Sales Co.....	April	109
	June	154

WOODEN CONTAINERS

Barrels as frozen food containers.....	March	92
Construction and fastening of boxes and crates; Forest Products Laboratory.....	February	89
Insect penetration.....	July	138
Overseas shipments in crates and wooden boxes—nailed, plywood and wire-bound.....	November	85
Tekwood (veneer-kraft lamination); uses; U.S. Plywood Corp.....	August	122
<i>See also Shipping Containers; Plywood; Set-up Boxes; Wood.</i>		

WRAPPING MACHINES

Automatic pre-packaging of fresh fruits and vegetables; Oliver Machinery Co.....	April	156
Bread wrappers.....	May	99
Multi-size carton wrapping machine; Package Machinery Co.....	October	146
Packaged produce; self-service departments in A. & P. Columbus stores.....	July	92

WRAPPING MATERIALS

Diphenyl-impregnated tissue wrappers for citrus fruits. G. B. Ramsay, M. A. Smith and B. C. Heiberg.....	December	113
Greaseproof wrapping for corrosion prevention.....	February	90
Insect penetration.....	July	138
Petroleum wax for food containers; Witco Chemical Co.....	June	154
Resinous coated wrappers.....	October	125
Wrigley, Wm. Jr. Co., Ltd. Canadian Wrigley Co. Overseas Gum Plan.....	November	95

X-Y-Z

X-Acto Crescent Products Co. Hobby (cutting) tools; merchandising through packaging.....	February	108
Zweybruck, Emmy (Designer) Picture-story wrappings; value of outer-wrapping of merchandise.....	November	98
